VOLUME CVIII.--NO. 217. ALEXANDRIA, VA., THURSDAY EVENING, SEPTEMBER 12, 1907. PRICE 2 CENTS.

If You Read This

It will be to learn that the leading medical writers and teachers of all the several schools of practice recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery for the cure of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections and their resultants, as bronchial, throat and lung disease (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering, or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Golden Seal root, Bloodroot, Stone root, Mandrake root and Queen's root—all of which are highly praised as remedies for all the above mentioned affections by such eminent medical writers and teachers as Prof. Bartholow, of Jefferson Med. College; Prof. Hare, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Bennett Med. College, Chicago; Prof. John King, M. D., of Cincinnati; Prof. John M. Scudder, M. D., of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Med. College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes that has any such *professional* endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisonous, harmful or habit-forming drugs and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful agent in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in all such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable.

A booklet of extracts from eminent, medical authorities, endorsing its ingredients mailed *free* on request. Address Dr. R. V. Pierce, Buffalo, N. Y.

ANOTHER ARREST.

Another arrest was made in Norfolk yesterday in connection with the murder of the wife of Lieut. Frank Rorschach, U. S. N., by a burglar, and the Norfolk county authorities who effected it believe that it will turn out to be important in shedding light upon the identity of the perpetrator of the crime.

The suspect gave his name as William Shields, and has excited suspicion by his actions since Tuesday morning and by the statements he has made about the crime.

To the officers he denied any knowledge of the murder, but told conflicting stories about his own movements.

As in the case of Archer; another suspect, Shields' hat is to figure as evidence. It is covered with brownish red spots, which may or may not be blood spots. Evidence against Thomas Archer is given by Mrs. Quinton Overman, who tells of seeing either a white man or a mulatto run down Bay street to the water at the foot of the street at 4 o'clock Tuesday morning. There she saw the man stoop down and begin washing his hat and shoes as well as his other garments in the salt water of Scott's Creek.

The shoes of Archer have been carefully examined by W. T. Mayo, whom the mayor called in as an expert, and he stated, as his opinion, that the leather had been wet in salt water.

The authorities have requested the city bacteriologist, Dr. Joseph Grice, to make a chemical analysis of the brownish red spots on the hat belonging to the suspect and which look suspiciously like blood.

BOY FATALLY INJURED.

Six boys, who attempted to steal a ride on the limited train on the Santa Fe road, reached Joliet, Ill., yesterday after an exciting experience. One of them, Robert Bullock, whose home is in Richmond, Va., sustained a fracture of the skull and may not recover. The other boys gave their names of Edward Smith, James Brady, Harry Jones, Leslie Achison and Robert Arntz, and declared that their homes are in Cincinnati. They climbed on the train as it was leaving Chicago, and lay down on the roof of the first car. When the train attained full speed after leaving the city limits, the boys narrowly escaped being tossed over the edge and managed to cling on only with the greatest difficulty. All of them were badly burned by hot cinders from the engine, and finally young Bullock, screaming that he could not stand it any longer, attempted to rise. The train just then passed over a bridge and Bullock's head came in contact with the superstructure with terrific force. He was dashed to the edge of the car insensible and was saved from falling by Jones, who seized his clothing. All of the boys appear to have come from good homes.

Had Tetter for Thirty Years.

I have suffered with tetter for thirty years and have tried almost countless remedies with little, if any, relief. Three boxes of Chamberlain's Salve cured me. It was a torture. It breaks out a little sometimes, but nothing to what it used to be.—D. H. BEACH, Midland City, Ala. Chamberlain's Salve is for sale by W. F. Creighton & Co., and Gibson & Timberman.

NON-UNION MEN SHOT.

As the result of an attack made on non-union car men in San Francisco by a crowd of strike sympathizers at an early hour yesterday morning, five men were injured and are now in a hospital.

The trouble occurred when a wrecking car of the United Railways, on which were about fifteen men, were approaching the car barns. As the car was passing a tent occupied by union pickets, stones were thrown at it, and shots were fired by some of the car men, but no one was hit. The car continued on its way to the barns, where the crowd had assembled.

Policemen R. L. Wade, J. W. Miller, and A. Bigelow appeared on the scene and ordered the men not to shoot. It is said that this command was disregarded, whereupon the police used their revolvers, five of the car men being wounded.

The police report casts all the blame on the non-union men.

A Humane Appeal.

A humane citizen of Richmond, Ind., Mr. U. D. Williams, 107 West Main St., says: "I appeal to all persons with weak lungs to take Dr. King's New Discovery, the only remedy that has helped me and fully comes up to the proprietor's recommendation." It saves more five than all other throat and lung remedies put together. Used as a cough and cold cure the world over. Cures asthma, bronchitis, croup, whooping cough, quinsy, hoarseness, and phthisic, stops hemorrhage of the lungs and builds them up. Guaranteed by E. S. Leadbeater & Sons, druggists. 50c and $1.00. Trial bottle free.

FOR OVER SIXTY YEARS.

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act June 30th, 1906. Serial number 1098.

CZAR'S YACHT ON ROCKS.

The Russian imperial yacht Standart, with Emperor Nicholas and Empress Alexandra and their family aboard, is fast on the rocks off Horsoe, a point on the coast west of Hango, Finland. The yacht is apparently in no danger as the emperor and his family remain on board.

The Standart ran upon the rocks, which were submerged at high tide, at 4:30 o'clock yesterday afternoon and remained fast. A steam lifeboat from Reval, on the Gulf of Finland, has arrived upon the scene and seven torpedo boats, which have been escorting the imperial yacht on its tour in Finnish waters, are standing by to render assistance if needed.

A dispatch from Helsingfors which was sent before the grounding of the royal yacht says the Standart, escorted by warships, sailed Tuesday afternoon from Makslaks and passed Hango yesterday morning. She then entered the western fjord at Hango.

LURED FROM THEIR HOME.

Cora and Alma Flick, aged 16 and 18 years, respectively, yesterday appeared at police headquarters in Roanoke and said they had been lured from their home, at Craigsville, Augusta county, by a woman who said she lived at Staunton, but was coming to Roanoke to make her home, and that she would find profitable employment for them in an office. The trio reached Roanoke Tuesday night and were met at the station by a closed cab, which drove them to a house in the tenderloin. The Flick sisters soon found that they were among women and men of a character foreign to their own. They were assigned to a room, and, once inside, turned the bolt and refused to open the door in response to knocks and demands. At daybreak the two girls made their escape from the place and went to police headquarters, where they were cared for until train time, when they were sent back to Craigsville by the authorities.

Stomach troubles, Heart and Kidney ailments, can be quickly corrected with a prescription known to druggists everythere as Dr. Shoop's Restorative. The prompt and surprising relief which this remedy immediately brings is entirely due to its Restorative action upon the controlling nerves of the Stomach, etc.

A weak Stomach, causing dispepsia, a weak Heart with palpitation of intermittent pulse, always means weak Stomach nerves or weak Heart nerves. Strengthen these inside or controlling nerves with Dr. Shoop's Restorative and see how quickly these ailments disappear. Dr. Shoop, of Racine, Wis., will mail sample free. Write for them. A test will tell. Your health is certainly worth this simple trial. Sold by E S. Leadbeater & Sons.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, SEPT. 12, 1907.

It is a noticeable fact that the Japanese papers are not so bellicose in front of the British lion as they were towards the American eagle some time ago. In the face of the Vancouver outrage a pall of silence has fallen upon those circles in which was the most active anti-American agitation following the lesser troubles in San Francisco. Agitators who sought to hold the entire American nation responsible for the action of California mobs are stunned by the far greater outrages committed on British soil. The yellow press, which endeavored to magnify the San Francisco trouble into an international complication calling for the dispatch of men-of-war to the American coast, has nothing to say now that it is demonstrated that the inimical feeling toward the Japanese is even more bitter under the flag of their beloved ally. Even Count Okuma remains silent.

Another religious fanatic has attempted to do what was done on the Sea of Galilee over eighteen hundred years ago. "Christ walked on the water, and so can I." Dramatically rolling his eyes and waving his hands, Harry Russell, about 26 years old, suiting action to his words deliberately walked overboard at Ferry Bar, near Baltimore, shortly before noon yesterday and instantly sank beneath the rippling water. A policeman rescued him, spluttering and gasping as he churned the water in his efforts to breathe and took him to a station house where he refused to give his address. He will probably be committed to some institution.

Lawyers who are daily attendants on the Richmond police court and who are acquainted with the extent and deadly effect of the illicit traffic in cocaine announce that they are generally agreed that at the next session of the Legislature a bill prepared by them will introduced making it a penitentiary offense to engage in traffic in the drug. The evil exists in all the cities of the State, and it is believed that the measure will have strong support. Cocaine is a fast-growing destroyer of the negro race and is having a most baneful effect on thousands of white people. It is a drug whose discovery has done much more harm than good.

F. R. Guernsey, editor of the Mexican Herald, who is spending the summer in Maine, says that thousands of Japanese veterans are in the Mexican states bordering on the United States equipped with arms and secretly organized in readiness to gather and invade this country on short notice. The "yellow peril" has long been a terrifying nightmare to some people, but the above is probably one of the most senseless of all the bogymen that have caused anxiety in this country. Japan would certainly not be so stupid as to attempt to invade the United States in case hostilities were declared.

Much alarm has been caused in New York from the fact that between three and four hundred infants, who have recently been paralyzed in that city, are now in hospitals. Physicians are unable to ascertain the cause of the epidemic. Many of the little victims, should death not claim them, will be life-long cripples. It is said that under normal conditions, about one-half of the human race die in infancy from cholera infantum and other diseases to which babies are subject, and it seems that paralysis is to be another arrow of death with which they will be compelled to combat.

The Czar of Russia is a victim of shipwreck. He had boarded his yacht for the purpose of being far removed from bombs and bullets, and ran into another dangerous zone in the shape of sunken rocks. The Emperor of Russia, like the great apostle of old, has passed through many perils. The Czar lives in danger of false friends, perils from within and without and perils from his own countrymen, and has now been shipwrecked as was Paul.

One of the Baltimore papers which is constantly giving the democratic party advice but which seldom advocates the nomination or election of straighont democrats now finds fault with one of the democratic nominees in Maryland because he advocates "white manhood suffrage." There was a time when no paper in Baltimore would have advocated anything else, but times have changed in Baltimore and for the worse.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, Sept. 12

Viscount Aoki, the Japanese Ambassador to Washington, will not be transferred as ambassador to Germany, in the belief of many Washington officials and and diplomats. It is also declared officially at the embassy here, that there is absolutely no information or intimation that such a change will be made. It is pointed out in diplomatic circles that Viscount Aoki would not likely be sent to the court of the Kaiser, on account of his wife being a member of a German noble family, whose marriage to a Japanese was displeasing to the Emperor. The viscount who was then minster to Germany, was transferred to another post immediately following the marriage.

The Canal Record, number 1 of volume 1, of the new weekly newspaper published under authority of the Isthmian Canal Commisson, at noon, Canal Zone, and edited by Joseph Bucklin Bishop, Secretary of the Commission, has reached Washington. The paper is an eight page folio and is full of news about the canal and the men employed thereon. It is announced under the Editorial mast-head that the record is issued free of charge, one copy each to all employees of the commission whose names are on the "Gold Roll." Extra copies are placed on sale at the news stands of the Panama railroad company at five cents each. It is dated September 4. "The primary purpose of the "Canal Record" it is stated," is the publication of accurate information based upon official records concerning all branches of the work of canal construction. In addition, there will be published much information in regard to the social life of the zone, its amusements, sports and other activities. Space will also be given to letters from employes relating to any topic upon which they may choose to write."

If the answer of Joseph E Austin, midshipman of the first class, of Brooklyn, N. Y., to the charges made by Commandant of Cadets Benson, at the Naval Academy, is not placed in the hands of Superintendent Badger by the close of office hours today, his dismissal will be recommended to the President by the Navy Department. Austin, who was charged with being absent from his practice ship without leave and of other serious offences, was notified by the department Monday that he would be given three days in which to show cause why he should not be dismissed from the service.

"The membership of the American Federation of Labor is ready and willing to aid the striking telegraphers financially." This was the declaration today of President Morrison of the federation. It is possible that an appeal will be sent out in a few days to the two million members of the federation throughout the country asking them to contribute funds.

The question as to whether persons accused of crime in the Panama Canal zone are entitled to jury trial will be determined by the Supreme Court of the United States. The test is to be made in the case of Adolphus Coulsan, a west Indian negro, who last January murdered his wife by giving her large doses of arsenic.

Convinced that it has unearthed all the information desired about the past life of Paul A. Killpenbourg, the Department of Commerce and Labor will give the pretty Viennese girl, denounced by her quondam lover as an "undesirable citizen," her second trial tomorrow or the next day in New York.

Cleopatra Bell has been appointed postmaster at Madison Run, Orange County, Va.

ANOTHER MARINE MONSTER.

While the new Cunarder Lusitania is forging ahead in an effort to break the world's record over the Atlantic. Harlan & Wolff, of Belfast, are engaged on plans for the construction of a new mammoth liner for the White Star fleet, designed to eclipse every previous effort in the department of naval architecture. The new vessel, it is said, will possess a number of features hitherto unknown in oceangoing steamers. In length and tonnage she will be a surprise, but the intentions of the builders as regards speed are being preserved a close secret. In all probability she will be fitted with turbines, in which case it is natural to conclude the question of high speed will be one that will enter into calculations of the owners and builders. The keel of the new steamer is expected to be laid within a few months. As much secrecy is being maintained with regard to details of the vessel as if she were a new type of war vessel. This only is admitted that she is intended to be the world's greatest.

THE RAILROAD RATE CASE.

Over the protest of counsel for the State of North Carolina, in the rate case being heard in Washington by Standing Montgomery as the representative of Judge Pritchard, of the United States circuit court, next Wednesday, Sept. 18, was fixed as the day to begin the examination of books of the Southern Railway. Judge Montgomery declined to modify his ruling, as outlined informally on Tuesday, and the formal order issued yesterday provides that the complainant produce before him at the office of A. H. Plant, controller of the railway, "all books, papers and documents pertinent to and bearing upon the issues raised in this proceeding," to be opened to the inspection of the defense under the supervision of the standing master, the books, papers and documents to be in the custody of the controller "or other officer whose business it is to keep the books."

WILL MEET IN PORTSMOUTH.

The Patriotic Sons of America decided yesterday at Richmond that their next State convention would be held at Portsmouth. Charlottesville and Lynchburg competed for the honor. Officers were elected at the morning session as follows: State president, E. M. Bunch, of Lynchburg; State vice-president, A. C. Nelson, of Richmond; State master of forms, J. C. Cramer, of Vinton; State conductor, W. R. Bennett, Portsmouth; State inspector, J. R. Campbell, Newlands; trustee (for three years), W. C. Miner, Colonial Beach; representatives to National Camp, George B. Wagner, Danville; T. J. Hacker, Roanoke, and Rev. E. W. Feltner, Richmond; State chaplain, E. M. Mays, Lynchburg.

The Navy Department yesterday made public the fact that through a fire in her coal bunkers, on the morning of September 5, the battleship Indiana, now undergoing repairs at the League Island navy yard, narrowly escaped destruction the ammunition in the adjacent magazines being safely removed only through the exhibition of the greatest courage on the part of the officers and crew. Two men were electrocuted and two others seriously injured at Greensburg, Pa., late Tuesday night as a result of the severe storm which swept over that vicinity. The men were on their way home from work and had occasion to cross a field and go through a barbed wire fence. During the storm lightning struck a heavy feed wire of the West Penn Railway Company, which runs along near the barbed-wire fence, splitting the cable and causing one end of it to drop on the fence, giving the latter a very high voltage. Weaver and Louis Long were instantly killed when they touched the fence, and it was miraculous that Smith and Henry Long did not meet the same fate. They were in the car and it is thought they saw the mishap to their companions and were shocked through proximity and not actual contact.

GREAT COUNCIL OF RED MEN.

The features of yesterday's session in Norfolk of the Great Council of Red Men was an agreement to reconsider today the resolution barring liquor dealers from the order, the selection of Louisville, Ky., for the permanent location of the "long house" of the national body, to be erected at a cost of $100,000; the recommendation of the finance committee that the next Great Council fire be held in some middle western city in order to curtail expenses, and minor changes in the funeral ritual.

Several additions to the ritual were made, and it was provided that a funeral service should be conducted by subordinate councils the Monday following the death of each member.

In connection with the council's action regarding the selection of the convention city in 1908, it was announced that the council's treasury would be taxed from $10,000 to $15,000 for work already done or contracted for as a result of what in now termed the "indiscretion" of adopting at Niagara Falls last year the "jewel" for the "sash" regalia, which action was rescinded by the council yesterday. Even if the Great Council chooses the next place of meeting, the great chiefs may prior to the 1908 session meet and choose another city.

Thomas H. Harrison, of Indiana; W. B. Keiffer, of Iowa, and Wm. Hyronemous, of Nashville, Tenn., were named a committee to recommend a general means of retrenchment in expenses. This will have to be accomplished by a reduction in the salaries of the great chiefs and by cutting the mileage and per diem for the members of the council. This is expected to bring about a great fight.

ALL CATTLE SHOW DISEASE.

The slaughter on Tuesday of a carload of cows from Loudoun county, which the much talked of tuberculin test indicated to be diseased, was attended by some prominent milk shippers of the Herndon vicinity. Many of the cows were splendid looking specimens, but the carcases of all showed the presence of cheesy tubercular deposits.

A representative of the Department of Agriculture who was present said that of more than 300 cattle slaughtered at that yard, after reacting under the test, all but two showed the disease to the eye, and the two showed it plainly under the microscope.

There is but one real scientific way of curing dandruff; and that is to kill the germ that causes it, and falling hair, and finally baldness. There is only one preparation that will destroy the germ, and that is Newbro's Herpicide. It is an entirely new discovery and the only hair preparation that is based on the new scientific principle. In addition Herpicide is a very refreshing hair dressing for regular toilet use. Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich. Two sizes—50c and $1.00. Declared Incompetent.

Brooklyn, N. Y., Sept. 12.—A Sheriff's jury which had been out all night, this morning returned a verdict of "incompetent to manage his estate" in the case of Edward Ward Vanderbilt, which has been on trial before a commission in lunacy for the past two weeks. The action was begun at the instance of a daughter of Mr. Vanderbilt, when he married Mary Scannell Pepper, a spiritualistic medium and president of a spiritualist church, who is rather well known all over the country. It was alleged that Vanderbilt had been unduly influenced by Mrs. Pepper, who claimed to be controlled by the spirit of "Bright Eyes," an Indian maiden; that he had deeded property to Mrs. Pepper Vanderbilt at the dictation of "Bright Eyes," and that before his marriage to Mrs. Pepper he made many gifts of money and valuables to "Bright Eyes," which eventually reached Mrs. Pepper. Finally it was alleged that Mr. Vanderbilt was so under the influence and control of "Bright Eyes," that he was incompetent to handle or make disposition of his property, estimated to be worth several hundred thousands of dollars. The application has been vigorously fought from the start. The jury retired at noon yesterday. It is expected a conservator of the estate will be appointed.

According to present plans, twenty-two days will be spent in the Philippines and November 11 the Secretary will reach Vladivostok. The following day Irkutsk will be reached. The journey across Siberia will be made in a special train. Arriving at St. Petersburg November 28, the Secretary will be allowed enough time to pay his respects to the Czar. After spending a day or two in Berlin the party will leave for New York, reaching that city about the middle of December.

Cruelty to Jews.

Bucharest, Sept. 12.—Horrible atrocities against helpless Jews during the massacre at Kishineff, many of the victims being burned alive, are reported in dispatches received here. According to these advices rowdies from Odessa were responsible for the pogrom.

A large band of roughs sent by the Black Hundred organization arrived in Kishineff Sunday night. They were joined by a mob of local Jewbaiters and an attack was made on the Jewish quarter. A large lumber yard in the vicinity was fired and Jews were driven into the flames as they rushed panic-stricken, out of their homes.

Hundreds of refugees of Kishineff have reached the villages along the Pruty river Frontier guards have been instructed not to allow any to cross into Roumania.

Jews at Kalarasch, where there was a massacre in 1905, have fled from that city fearing a fresh outbreak. They sought protection of the government, but were given no assurances and immediately began leaving in numbers.

New York's Bond Issue.

New York, Sept. 12.—Whether there will be trouble in the awarding of New York's new $40,000,000 bond issue depends on Abraham White. If the latter decides he has a chance to compel the city to consider his bid on the entire issue he will certainly begin suit. City Comptroller Metz thinks no such possibility exists. White would have received under his bid $15,000,000 of the $35,000,000 of 50-year bonds and $3,500,000 of the $5,000,000 10-year issue. Instead of accompanying his bid with a certified check for 2 per cent. of the amount White offered a draft on the Greater New York Security Company of which he is President. Comptroller Metz offered it for payment and failed to get his money, the institution asking for delay. The comptroller considered this an invalidation of White's bid.

Anti-Clerical Demonstrations.

Rome, Sept. 12.—Such violent anti-clerical agitation has been aroused against Cardinal Merry Del Val, the Papal Secretary, that he has been ordered to cut short his vacation at Castle Gandolfo and return to rome immediately. On his trip to Castel Gondolfo the cardinal travelled like a prince with a display of pageantry. This aroused anti-clericals, and violent demonstrations against Merry Del Val marked the latter part of his journey.

New York Stock Market.

New York, Sept. 12.—There was a general strong tone to trade in the early part of the first hour, the most prominent feature being Union Pacific. This stock advanced 2 1-8 points over yesterday's close. Northern Pacific advanced 2 points. Other railroad stocks made irregular gains. Before the end of the hour these stocks as well as the rest of the list were unfavorably affected by a resumption of the heavy selling of Amalgmated which sold off 2 3-4. Declines of 1 to 1 1-2 from the highest were sustained in the more prominent railroad issues. The tone of the market continued generally firm all throught the forenoon. But the general selling of Amalgmated had a depressing influence on trading generally and caused frequent yielding of the general list, whenever buying ceased. The room had a story that the Amalgamated Company has ordered the closing down of its Butte mines because of the labor troubles there and the story was used as a bear raid by some operators committed to the short side.

It is intended especially for acute throat and lung diseases, such as coughs, colds and croup, and can always be depended upon. The Czar's Yacht.

Hango, Finland, Sept. 12.—Much uneasiness is felt for the safety of the Czar's yacht Standart, ashore on the rocks off Horsoe. With a steam life boat and seven torpedo craft alongside it is assured that Nicholas, the Czarina and their family will be taken off in safety should the worse come. It is feared the yacht may not fare as well as last night's dispatches promised. It is said the ledge is a bad one and has been responsible for the destruction of many fine ships.

St. Petersburg, Sept. 12.—Czar Nicholas and the imperial family left the stranded royal yacht, Standart, which went aground last night off Horsoe, near Hango, Finland, for the dispatch boat Asia. The yacht Alexandra is now on its way to take on the imperial family.

The Standart lies in a very unfavorable position on rocks which are submerged at high tide. Torpedo boats are standing by to render assistance when the rise of the tide gives promise of pulling the yacht off.

French Forces Victorious.

Paris, Sept. 12.—An official message from General Drude, commanding the French forces in Morocco, states that he has captured and burned the Taddert camp. Heavy losses were inflicted on the Moors in the fighting, while the French lost only one killed and six wounded.

Tangier, Morocco, Sept. 12.—Late advices from Casablanca declared the fiercest fighting preceded the capture and burning of the Taddert camp. The Moors made frequent valiant attempts to capture the French artillery, charging repeatedly in the face of a terrible fire that mowed them down in scores. The superiority of the French arms told defeat.

Panic on Stock Exchange.

Philadelphia, Sept 12 —A short-lived panic occurred on the stock exchange today, local traction stocks, particularly Union Traction, suffering most severely. A rumor was circulated before the opening that a big account would be wiped out and when selling became general from the start it was credited. Rapid Transit, Union Traction and United Gas Improvement were heavily traded in and sank rapidly. Later in the day traders began to cover and this caused a rally of from 1 to 2 points. Other stocks remained steady for the most part throughout the flurry. Trading during the rest of the day was slow.

Explorers Safe.

New York, Sept. 12.—The question of the safety of the Mikelsen and Stefanson expedition to the Arctic zone has been settled beyond all doubt by the American Geographical Society from the joint commanders. It was from Dawson, Yukon territory, and reached there either overland by sled train or by boat up the Mackenzie river. The message announces the loss of the expedition ship, the Duchess of Bedford, but says the members are safe and will continue their work of exploring Baurfort.

Believed to Have Been Drowned.

New York, Sept. 12.—Three men are believed to have lost their lives in the capsizing of a fishing boat two miles off Brighton Beach today. Bathers noticed the boat heading out to sea with all sail set notwithstanding a strong breeze was blowing and counted three men on the deck. Suddenly she careened and went over. Life savers who put out could find no trace of the men nor was there anything in sight to tell the name of the boat.

Japanese School Question in Chicago.

Chicago, Sept. 12.—The Japanese school question may have to be threshed out again in Chicago. Three Japanese were among the applicants for admission last night. All are over 21. One trustee questioned the admissability of putting them in the same room with school girls. Another questioned the board's right to educate persons over 21. The trend of the debate indicated that the board will bar adult foreigners.

Wireless Messages.

Chicago, Sept. 12.—While the Lusitania was 689 miles out at sea, Mrs. Potter Palmer sent a greeting by wireless to the people of the United States through a Chicago newspaper.

Another wireless message came from the huge liner this morning from Captain Watt to a local newspaper. The liner was then off the banks of Newfoundland and was proceeding at a high speed. All was well.

Burglar Killed.

Louisville, Ky., Sept. 12.—Three burglars who broke into Rector & Jones's store in Highland Park, early today were discovered at work by the properitors of the store. In the battle which followed one of the burglars was killed and two wounded. Two of the wounded men were W. S. Whitlock and Edward Parish of Nashville. The dead burglar has been identified as a man named Sullivan.

Would Not Land Orientals.

The captain steamed away toward Victoria.

LETTER TO C J RIXEY
Alexandria, Virginia.

Dear Sir: A bank messenger lost a small coin. He set his bag down and looked for it. Found it, but somebody-else had run-off with his bag.

A man who is going to paint had better look-out for his gallons. Devoe is the least gallons paint.

It's gallons that cost; it isn't the price of a gallon. With one paint, 10 gallons is plenty; another, 11 or 12 or 13 and so on to 22 gallons; and every gallon has to be paid-for and painted—$2 to $4 a day for painting paint stuffed-out with some sort of whitewash. The less the price of a gallon, the more the gallons.

Bank messengers better look out for their bags and not stop to hunt for small coin; and property-owners better look-out for the gallons that make the expense, and not for the price which has nothing to do with it.

Yours truly,
50 F W Devoe & Co.

Within ten days, it is said, the only work at the Butte mines will be that performed in keeping them pumped out so that mining may be resumed without difficulty when market conditions make the resumption necessary.

The Orphans' Home near Lynchburg has about 60 children under its care and the trustees are now building a new addition to cost $8,500. When this is finished more children can be accommodated. A new building was erected on the grounds during the past year costing $14,000 which will be known as the "Old Folks Home" for the use of old and indigent Odd Fellows. The building is very near ready for the admission of applicants. Potomac Lodge of this city will furnish one of the rooms in the new building.

Firm in the belief that the house in Washington into which they moved last Thursday is haunted, Mrs. Clara Dowling and her two daughters, Mrs. Mamie Anderson and Miss Clara Dowling, will move to-day, after having occupied their new home but one week. In leaving they will forfeit $65 rent, which they paid for a month's use of the house, and they also lose over $100, which they say it cost them to move to their present location from their former home in northeast Washington. The alleged haunted house is in Fifteenth street northwest near N street, and one of the best neighborhoods in the city. Within a radius of one block are the homes of Secretary of State Root, Assistant Secretary of the Navy Newberry, Perry Belmont, Stuyvesant Fish, and others well known in the official and social circles of the National Capital. Mrs. Dowling and her daughters are telling strange experiences in the house they are about to vacate. Mrs. Dowing was, before her marriage to the late E. J. PERSONAL

Mr. and Mrs. W. E. Stounelle and son Edward left Wednesday for the Jamestown Exposition.

Messrs. James Douglas and Charles Barrett, of Alexandria, were in town for the Horse Show German Friday night. Miss Bessie Jones, of Alexandria, was one of the visitors at the Horse Show. Miss Lucy Douglas, of Alexandria, spent a few days last week with Miss Fair An engagement of much interest was announced here at a luncheon given by Mrs. E. R. W. Barker during the Horse Show,—that of her cousin, Miss Kattie Maddux, of Oak Hill, daughter of the late Col. F. Webb and Mrs. Maddux, to Mr. Edw. Warfield Hook, of Baltimore. Mr. Hook is a young business man of Baltimore and a direct descendant of Charles Alexander Warfield of "Peggy Stewart" fame. The wedding will take place the latter part of October.—[Warrenton Virginian.

IMPROVEMENTS AT TUNNEL.

Workmen are now engaged in removing the stone work of the Wilkes street tunnel at Fairfax street. This will be replaced by a concrete front also with thirty feet of the same work on each side. The object is to eliminate the seating accommodations which have been a source of annoyance to most residents of that section during the past half a century, and have been a chronic source of complaint to the police and indirectly the cause of occasional disorders. Two generations have made this place the assembling point of the neighborhood. Many well-disposed people have been among the number, but another element has at times made themselves objectionable. A few months ago some disorderly conduct at this point led to arrests, and they were followed by a personal encounter between the plaintiff and defendant. Mayor Paff, accompanied by Lieutenant Smith of the police force, subsequently visited the place and the former determined to interview the Southern Railway officials and induce them to make certain alterations which would no longer make the place a rendezvous and at the same time be an improvement on the present work. The company immediately adopted the suggestion of the Mayor and ordered the work to be done.

THE RECENT PRIMARY.

The official vote cast at the democratic primary for State Senator in the election on Tuesday has not been opened, but it is known that the returns published in yesterday's Gazette are practically correct and that Mr. Thornton's plurality will be about 90 votes.

Mr. Thornton, the successful candidate, was in the city for a short time yesterday and was heartily congratulated by his friends.

Mr. A. J. Wedderburn, one of the defeated candidates, has written to Mr. Thornton extending his congratulations In a foot-note to his letter Mr. Wedderburn asks Mr. Thornton to let him know where he bought his gum shoes.

In the item published yesterday the vote in the Third ward for Mr. Wedderburn should have been 25 instead of 49, but the error did not affectthe totals.

POLICE COURT.

[Justice H. B. Caton presiding.]

The following cases were disposed of this morning:

Frank Jackson, colored, charged with assaulting a small colored boy named Thomas Reynolds, was dismissed.

J. F. Wilson, charged with assaulting L. A. Bean, forfeited his collateral by failing to appear.

R. D. Wilson, charged with stealing a watch from E. O. Leyland, was dismissed on account of insufficient evidence.

TOURNAMENT.

Some of the finest exhibitions of tilting ever witnessed in that section of Maryland took place Tuesday at the tournament held on the grounds of the Pan Electric House, Bladensburg. Tom Head, knight of Munson's Hall, Va., had to capture 18 straight rings before he landed the first prize. When he accomplished the feat he received $20 in cash and liberal applause. He crowned Miss Grace Taylor, of Bladensburg, queen of love and beauty. Fourteen knights participated in the tilting.

SCHOOL PERMITS.

The Clerk of the City School Board this morning commenced the issuing of permits to colored children to attend the public schools and during the day issued 289 permits—134 to boys and 155 to girls. On the corresponding day last year 338 permits were issued—155 to boys and 183 to girls. Permits will be issued to colored children again tomorrow.

YOUNG TAMMANY.

A number of young men of this city met at the corner of King and Washington streets last night and decided to organize a political club to be known as "Young Tammany." It is said that the only qualification for membership is a pledge that each applicant will vote against certain men whenever they become candidates for office.

WEDDING OF MISS LEE.

Mrs. Fitzhugh Lee has issued invitations for the marriage of her daughter, Virginia, to Lieutenant John Carter Montgomery, Seventh Cavalry, U. S. A. The ceremony will be performed at 6:30 o'clock, on the evening of September 25th, in Christ Church, Alexandria.

JAIL EXPENSES.

A Richmond paper of recent date contained an article on the medical expenses of the Alexandria city jail; said the bills for medicine and medical attendance amounted to almost as much as the bill for the keep of prisoners, and added that there must be much sickness in the jail. When the attention of Judge Barley and City Sergeant Cox was called to the article in question they at once made an examination of the books and found that the bills for medicine and medical attendance at the jail averaged but a little over $300 each per annum. Considering the number of prisoners sent to jail during a year these charges are considered quite moderate.

SHRINERS.

A large number of Shriners arrived here from Richmond today and, accompanied by an equally large number of the order from this city, proceeded to Front Royal this evening where tonight Acca Temple, of Richmond, will confer the orders on all novices that may present themselves. The Shriners will return to this city tomorrow morning and will be entertained at breakfast at the Elkton.

MASONIC.

At the regular communication of Alexandria-Washington Lodge of Masons to be held tonight the Master Mason degree will be conferred upon a candidate by the officers and degree team of Andrew Jackson Lodge. A number of visitors are expected to be present.

Attack of Diarrhoea Cured by One Dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

I was ao week from an attack of diarrhoea that I could scarcely attend to my duties, when I took a dose of Chamberlain's Colic, Cholera and Diarrhoea Remedy. It cured me entirely and I had been taking other medicine for nine days without relief. I heartily recommend this remedy as being the best to my knowledge for bowel complaints.—R. G. Stewart, of the firm of Stewart & Bro., Greenville, Ala. For sale by W. F. Creighton & Co. and Gibeon & Timberman.

LOCAL BREVITIES.

A meeting of the Ancient Order of Hibernians will be held in St. Mary's Hall tonight.

The weather was cool last night, suggestive of early fall. Conditions have been pleasant today.

Judge Nicol is expected to speak tonight at Fort Myer Heights before the Potomac Baptist Association.

Some excitement was caused in the southeastern section of the city this evening by the disorderly conduct of Rufus Robinson, colored. Mr. Thomas Carter, an official of the city, interfered and endeavored to arrest Robinson, who ran and was shot at, but escaped. A warrant for his arrest was subsequently issued.

Chief Pettey is having his restaurant on Royal street handsomely repainted, repapered and otherwise improved.

[COMMUNICATED.

It seems that pleasant surroundings and gentle rearing have no good effect on the manners of some young men. This was demonstrated this morning when two young men in the central part of the city amused themselves by yelling the names of passersby and then ducking behind the pillars of a porch. If the parents of such idlers would secure them employment it would improve them both intellectually and morally. Such insolence constitutes disorderly conduct for which the offenders could be fined. TOUCHSTONE.

Forbidden Games.

Almost every one of England's popular games has at one time or another been made illegal. Scotland is the home of golf, yet in 1457 the Scottish parliament passed an act entailing severe penalties on any one caught playing the game.

Edward III., Henry IV. and Henry VIII. all strongly objected to football, and Queen Elizabeth made it an offense punishable by imprisonment to play football. There is a record of sixteen people being imprisoned at once for breaking this law.

Football is still under a ban in some parts of the world. Two of the Swiss cantons refuse to allow it, and in Turkey it is absolutely illegal, and those who dare to play it are punished.

Among oddities of laws about games must be mentioned a French decree of the thirteenth century. By the king's command the gallants of the court were forbidden to play tennis "in their shirts." Whether his majesty of France insisted upon coats only or whether the unfortunate players were doomed to practice in complete suits of armor does not appear.—London Graphic.

Agriculture In Africa.

Excepting perhaps some Malayan tribes the African negroes are said to be the finest agriculturists of all the natural races. The Bongos are said to have a greater variety of garden plants around their huts than are found in the fields and gardens of a German village. Irrigation is practiced. The Angolas, in the Kongo districit, have practical irrigation. The Wachangu show wonderful skill in irrigating their terraced hillsides by tunnels of water diverted from the main stream. "They have a clear mode of irrigating equally a given surface. As the little canals of water are always elevated above the cultivated plants, they will tap them at a convenient spot above the beds to be watered and then turn the stream into a rough conduit made of the hollow stems of bananas cut in half, the end of each stem overlapping the next. Then as the water enters the last joint it is freely turned right and left, distributing the vivifying stream in all directions."—Southern Workman.

Too Cold For Overcoats.

"You do not find any one wearing overcoats in Alaska, even in the winter," said a man from that territory. "The principal thing to be careful about is keeping the head, hands and feet warm. In that part of Alaska where I have been the only land transportation is by dog sleds, and to follow them one has to drop into a dog-trot beside the sled. An ordinary suit is plenty thick enough to keep you warm, and an overcoat is dangerous in that temperature. Trotting alongside a sled wearing an overcoat would make you perspire, and the bitter cold would freeze the perspiration. The men there wear a fur cap that covers every part of the head and face except the eyes, and there is only a little peephole for them. Wool lined mitts are worn on the hands and moccasins with woolen stockings on the feet."—Baltimore Sun.

Tragedy of a Wooden Leg.

A man who travels on a wooden leg says: "About the worst accident we ever heard of befalling a wooden legged man is the time one such unfortunate was going home after being to a late supper, along about 3 o'clock in the morning, when his peg leg went through an auger hole in the grub plank sidewalk, and he kept circling about that hole all night thinking he was going home. The editor of this paper wants it distinctly understood that we cannot vouch for the truthfulness of this story."—Kansas City Journal.

All the Same.

At one of the large north country churches recently a fashionably dressed lady happened to go into one of the private pews. The verger, who is known to be a very stern old chap, immediately bustled up to her and said:

"I'm afraid, miss, you'll ha'e to cum out o' that. This is a paid pew."

"Sir," said the young lady, turning sharply round, "do you know who I am? I'm one of the Fifes."

"I dinna care," said the old man, "if you are the big drum. You'll ha'e to cum out."—Edinburgh Scotsman.

Dainty if Not Substantial.

The wife of a farmer had a sister come from Chicago to make a visit. One day the thrashers came, and the guest insisted on doing the work alone and sent her sister away to rest. When twenty-seven thrashers filed in to supper that night they found a sandwich tied with ribbon, one chicken croquette, one cheese ball the size of a marble and a buttonhole bouquet at each plate.—Emporia (Kan.) Health In the Canal Zone.

The high wages paid makes it a mighty temptation to our young artisans to join the force of skilled workmen needed to construct the Panama Canal. Many are restrained however by the fear of fevers and malaria. It is the knowing ones—those who have used Electric Bitters, who go there without this fear, well knowing they are safe from malarious influence with Electric Bitters on hand. Cures blood poison too, billiousness, weakness and all stomach, liver and kidney troubles. Guaranteed at E. S. Leadbeater & Son's drug store. 50c.
